

Become a Launch Operator - Training Expenses Paid

Everything you need to become a USCG-licensed launch operator!

This 4-day course is for boaters who are interested in becoming licensed launch operators while gaining valuable on-the-water boat handling skills that will help to prepare for your first launch tender job.

Upon successfully completing this course, participants will receive:

- First Aid/CPR certification
- USCG-Approved Launch Tender Course Completion Certificate from

Confident Captain/Ocean Pros

- USCG Application assistance
- Job placement assistance

Course Entry Requirements:

- RI resident aged 17 or older
- Un-employed or under-employed
- Sea time: 120 days of service on small vessels with 90 of those in the last 3 years

When/ Where:

- April 16-17 and 20-21, 2016.
- 344 Aquidneck Ave. Middletown, RI.

Space is limited, priority will be given to applications received by 4/1/16, deadline for applications is 4/6/16. All selected applicants will be screened and interviewed prior to acceptance. Candidates will be required to document sea time, pass a drug test and physical examination.
