**NEW ENGLAND
INSTITUTE OF TECHNOLOGY**

New England Institute of Technology

New England Institute of Technology (NEIT) offers an accredited Associate in Science degree program in Marine Technology with an optional term in Advanced Marine Technology. Students in this 18-month program learn about boat mechanics that include the repair of electrical, electronic, mechanical, and hydraulic systems as well as marine business concepts. Students also receive OSHA-10 certification and can participate in dealer trainings from Mercury, Yamaha, and Volvo Penta. They also become ABYC members upon graduation.

NEIT has a technical advisory committee that is comprised of representatives from boat yards and dealerships. Students can tour and/or intern at marine businesses in their 6th term.

For an additional seventh term of study, the Advanced Marine Technology curriculum focuses on advanced electronics and computer controls and includes courses regarding diesel engines, advanced propulsion systems, and forklift safety.

NEIT offers a marine-specific scholarship for \$2000 and several general scholarships in multiple amounts to qualifying students. Federal financial aid is also available. Admission is conducted on a rolling basis with classes beginning four times per year. For additional information, please contact New England Tech's admissions office at 800-736-7744 or admissions@neit.edu.

New England Institute of Technology has again partnered with RIMTA to provide our free "Intro to Outboards" program, training adults for entry level positions in the marine industry. For more information and to apply visit [HERE](#)

EVENTS

Bristol Reception With Senator Whitehouse

Please join us for a reception with Senator Whitehouse at Bristol Marine on June 10th at 5:30pm.

Senator Whitehouse is a dedicated advocate for our marine industry, for our composites industry and most importantly for our ocean environment.

Representing the Ocean State, he is a leader who recognizes that the strength of our economy is tied to the health of our oceans. He has been a steadfast supporter

of policies that directly support the marine trades, workforce initiatives and the RI fiberglass vessel recycling initiative.

We look forward to welcoming you to this reception in support of the Whitehouse Victory Fund.

Bristol Reception with Senator Whitehouse
Monday, June 10 at 5:30PM
Bristol Marine, 99 Poppasquash Road, Bristol, RI

For more information and to RSVP/Donate, visit [HERE](#)

You are cordially invited to join
**U.S. SENATOR
SHELDON WHITEHOUSE**

Along with
THE RHODE ISLAND MARINE TRADES ASSOCIATION

for a reception in support of

**WHITEHOUSE
VICTORY FUND**

**MONDAY, JUNE 10th
at 5:30 PM**

Bristol Marine
99 Poppasquash Road, Bristol, RI

Suggested Contributions
\$300 | \$200 | \$75 | \$30

Please make checks payable to:
Whitehouse Victory Fund 2024
1 Park Row, Floor 5, Providence, RI 02903
or Contribute online at
<https://secure.actblue.com/donate/WVF6-10-24>

Contributions to Whitehouse Victory Fund 2024 will be allocated as follows: The first \$6,600 of each contribution from a person and the first \$10,000 from a multicandidate committee ("PAC") will be allocated to Whitehouse for Senate. The first \$3,300 of a person's contribution and the first \$5,000 of a PAC's contribution will be designated for the primary election; the next \$3,300/\$5,000 will be designated for the general election. The next \$5,000 of each contribution from a person and the next \$5,000 from a PAC will be allocated to Oceans PAC. The final \$10,000 of each contribution from a person and the final \$5,000 from a PAC will be allocated to the Rhode Island Democratic State Committee.
Contributions to Whitehouse Victory Fund 2024 are not tax deductible.

Paid for by Whitehouse Victory Fund 2024, a joint fundraising committee authorized by the Whitehouse for Senate, Oceans PAC, and the Rhode Island Democratic State Committee.

Blue & You Tech Talks

Where: Innovate Newport
Wednesdays in July & August from 12-1 pm

Introducing “Blue & You Tech Talks”: a captivating program designed to immerse audiences into the innovative world of ocean-inspired technology. Hosted by renowned industry experts and featuring executives of BlueTech companies at various stages of growth, this series of tech talks promises to enlighten, educate, and inspire.

Each episode of “Blue & You Tech Talks” invites a different executive to share their journey, unveiling the fascinating backstory behind their company and the groundbreaking technology they’ve developed. From sustainable aquaculture solutions to cutting-edge ocean monitoring systems, every presentation delves into the intricate details of how these visionary leaders are shaping the future of our blue planet.

For more information and to register for the first event visit [HERE](#)

Stone Pier Dedication

Join us at the dedication of the Stone Pier Dinghy Dock in Newport on June 27th @ 7pm. This dedication will serve as a celebration of the completion of a more accessible, safer space with greater capacity and better water access than the previous version.

ENVIRONMENT

The RI Department of Environmental Management has released the public notice for reissuing the Multi Sector General Permit

[RIPDES Stormwater Industrial Activity](#)

The RI Department of Environmental Management has released the public notice for reissuing the Multi Sector General Permit. The public comment period for the draft MSGP will end on Friday June 28, 2024.

The 2024 MSGP [Public Notice](#), [Fact Sheet](#) and the full [Draft Permit](#) can all be found on the [RI DEM Website](#)

Regional Hazard Mitigation Plan

The Regional Hazard Mitigation Plan (RHMP) will address issues such as flooding, hurricanes, extreme temperature, and sea level rise, developing short- and long-term actions to reduce the effects of such natural hazards.

By examining vulnerable areas, critical infrastructure, and current capabilities, the team will establish priorities for each municipality as well as Aquidneck Island to better protect our communities from future disasters.

For more information on the plan visit [HERE](#)

There are two upcoming events dedicated to plan development and are open to public participation:

Newport & Island-Wide Workshop: Thursday June 6, 2024, 4:00-6:00pm, City Council Chambers, Newport City Hall

Middletown & Island-Wide Workshop: Thursday June 20, 2024, 4:00-6:00pm, Town Council Chambers, Middletown Town Hall

Another way to voice your opinion is by taking the [Aquidneck Island Natural Hazards Survey](#)
